

MOHIT NAVARE

Computer Engineering Student | Python, C/C++ & Software Development

Thane, Maharashtra, India | +91 9082367447 | navaremohit2006@gmail.com | linkedin.com/in/mohit-navare-48ba603aa | github.com/Mohit-Navare | NATS ID: AMHTH7097494

PROFESSIONAL SUMMARY

Computer Engineering student pursuing a Bachelor of Engineering, with a Diploma in Computer Engineering (MSBTE) and hands-on experience in C, C++, Python, and SQL. Built academic and personal projects involving Flask, MongoDB, MySQL, file handling, and CRUD operations. Completed a Web Development Internship covering development, testing, debugging, deployment, and maintenance. Currently working as a Computer Faculty, teaching C, Python, SQL, and computer fundamentals. Seeking internship and apprenticeship opportunities in government research and technical organizations such as ISRO, BARC, and DRDO to apply my programming and problem-solving skills.

TECHNICAL SKILLS

Programming Languages: C, C++, Python, JavaScript

Database: MySQL, SQL

Web Technologies: HTML5, CSS3, Flask, WordPress

Core Computer Engineering: File Handling, CRUD Operations, Debugging, Software Development Life Cycle (SDLC)

Tools & Platforms: Git, GitHub, cPanel, Advanced Excel, MS Office

Other Skills: Problem Solving, Logical Thinking, Debugging, Communication

WORK EXPERIENCE

Computer Faculty

Feb 2026 – Present

Disha Computer Institute, Badlapur, India

- Teach C, Python, SQL, Advanced Excel, MS Office, and basic computer hardware/networking through theory and practical classes.
- Explain programming basics, problem-solving, and debugging to students of different skill levels.
- Prepare lesson plans, exercises, and assignments to reinforce concepts taught in class.
- Help students find and fix errors in their code and improve their logical thinking.
- Evaluate students through tests and practical assignments.

Web Development Intern

Jun 2024 – Aug 2024

Druve Media Private Limited, Ambernath, India

- Worked through the stages of website development — planning, building, testing, and deployment.
- Built and customized responsive websites using HTML, CSS, JavaScript, WordPress, and Elementor.
- Set up domain registration, web hosting, DNS, and SSL certificates through cPanel.
- Tested websites and fixed bugs before deployment, and checked page performance.

PROJECTS

PyInsta – Social Media Web Application

Python, Flask, MongoDB, GridFS, HTML, CSS, JavaScript | github.com/Mohit-Navare/PYINSTA

- Built a social media web app using Python and Flask, with user login and a database to store user data.
- Used MongoDB and GridFS to let users upload and store images and videos.
- Added features such as posts, likes, and comments.
- Wrote the code to create, read, update, and delete data (CRUD operations) using Flask.
- Tested the app and fixed bugs during development.

Student Management System

C, File Handling, CRUD Operations | github.com/Mohit-Navare/student-management-system-c

- Built a student management program in C to store and manage student records.
- Used file handling to add, view, update, and delete records (CRUD operations).
- Used functions, structures, conditions, and loops to organize the program.

Personal Portfolio Website

HTML, CSS, JavaScript | portfolio-z30d.onrender.com

- Built and deployed a personal portfolio website to showcase my projects and skills.

EDUCATION

Bachelor of Engineering, Computer Engineering

2025 – Present

University of Mumbai (G.V. Acharya Institute of Engineering & Technology), Shelu, India

Diploma, Computer Engineering

2022 – 2025

Maharashtra State Board of Technical Education (MSBTE), Badlapur, India

CERTIFICATIONS

- IBM Web Development Fundamentals — HTML5, CSS3, JavaScript, Responsive Design, SDLC (Mar 2026)
- IBM AI Fundamentals — Machine Learning, Deep Learning, Generative AI, NLP, Computer Vision (Jul 2026)
- IBM LifeLong Professional Skills — Communication, Teamwork, Critical Thinking (Jul 2026)
